

Physician Lunch Panel on Alzheimer's Disease

Wednesday, March 15, 2023 (12:15 – 1:15 PM ET)

Moderated by: Ami Fadia, Managing Director, Biotech Equity Research at Needham & Company

About this Panel:

As part of our 2nd Annual Needham Virtual Neuroscience Forum, we are hosting a KOL discussion with **Dr. Anton Porsteinsson** to discuss his thoughts on recent developments and outlook of the Alzheimer's disease landscape. This Session will address:

- Commercial update of BiIB's LeqembiHow are emerging depression treatments differentiated from one another?
- Upcoming TRAILBLAZER-ALZ 2 data readout for LLY's donanemab
- Future clinical programs and other mechanism-of-action approaches to watch

KOL Expert Bio:

Dr. Anton Porsteinsson, M.D.: Anton Porsteinsson, MD, is currently Director of the University of Rochester Alzheimer's Disease Care, Research and Education Program (AD-CARE) (1989 - Present). He is also the William B. and Sheila Konar Professor of Psychiatry, Neurology, Neuroscience, and Medicine at the University of Rochester School of Medicine and Dentistry (1989 - Present). Dr. Porsteinsson is internationally recognized in clinical research and considered one of the leading experts in Alzheimer's disease and dementia, and is a leading investigator for many prominent national Alzheimer's prevention and treatment trials. Dr. Porsteinsson received his MD degree from the University of Iceland School of Medicine and completed his internship and residency at the University of Rochester.
